

RCRA REVISION CHECKLIST 44

HSWA Codification Rule 2

52 FR 45788-45799

December 1, 1987

(HSWA Cluster II)

This codification rule is a companion to the initial codification rule of July 15, 1985 (Revision Checklist 17) and incorporates logical outgrowths of the 1984 HSWA amendments into the existing RCRA regulations. Since HSWA provides that States may seek authorization for selected provisions (instead of having to adopt all provisions simultaneously), this checklist has been divided into logical subgroupings. There are seven subsections to this checklist.

- Checklist 44 A - Permit Application Requirements Regarding Corrective Action
- Checklist 44 B - Corrective Action Beyond the Facility Boundary
- Checklist 44 C - Corrective Action for Injection Wells
- Checklist 44 D - Permit Modification
- Checklist 44 E - Permit as a Shield Provision
- Checklist 44 F - Permit Conditions to Protect Human Health and the Environment
- Checklist 44 G - Post-Closure Permits
